

- Cross walk update
 - ✓ I've contacted a gentleman who works for Morrison & Maierle (M&M) and this is what I've gotten so far:
 1. A RID (Rural Improvement District) with maintenance where one doesn't already exist through city taxes is used for Ousel Falls Road maintenance & upkeep; which we are participating in already.
 2. It's been suggested to put the cross-walk where it's the most visible to give drivers a fair amount of warning before the cross-walk either with signs & flashing lights or another warning system
 3. FLM is included in Schedule 1 and Schedule 2 maintenance, which means we probably wouldn't need to pay for painting, but possibly signs (approx. \$100 each)
 4. My contact with M&M will be up to Big Sky this week and will get in touch with me as the best location he would suggest putting the cross-walk. M&M likes to look at liability first and make sure it's in the correct place before moving forward in this process.

- Grooming Ousel Falls Trail down to Firelight (*just 1 idea*)
 - ✓ Contacted Lone Mountain Ranch (LMR) about extending the trail system from Town Center area down Ousel Falls Trail to Firelight, but have a few questions:
 1. Who owns the lot for sale next to the apartments?
 2. Do we have other Park/ Open space easements on campus?
 - ✓ Contacted BSCC to find out what the easement is on the Ousel Falls Trail because LMR needs a width of 16 feet for the snow cat
 - ✓ The Town Center Area is groomed every-other day and costs about \$18,000; which would cost us significantly less because the work would be less
 - ✓ Homeowners & Renters would be able to purchase LMR passes at a discount; approximately \$52 for the year. There would be a certain number of passes issued per household from a list.

- Recycling Program
 - ✓ I contacted Full Circle Recycling (Dave Leveritt) and his quote is coming

- Welcome Baskets
 - ✓ I contacted Big Sky Blooms regarding the cost for a "welcome" or "new home" plant ~ growers plants which vary is about \$65 or potted orchids which are about \$85 or \$75 for fruit basket. He's flexible with cost and would be more than happy to tailor to our needs depending on what we could afford.
 - ✓ Do we have a FLM logo/ letterhead that I could use to prepare a letter to new owners?
 - ✓ Is there someone who notifies the board when a new owner buys a property so one of us could hand deliver a welcome basket? Once this is approved, of-course.

Firelight Meadows

(This looks nice
for a background)

➤ Spring Fling Clean-up Party

- ✓ Sunday, June 10th ~ Pick up garbage, clean the grounds and surrounding area
- ✓ Could send out flyers and ask for volunteers, post of the web-site
- ✓ Could also have a pot-luck celebration either at someone's house or over in the park area
- ✓ Other thoughts/ suggestions?
