Specific building materials to be used:

____ Attach detailed drawings, plans, elevations, photos, etc. (Depending on the nature and scope of the project, applicants may be required to provide plans that have been reviewed and approved by a licensed architect or engineer.)

____ Attach Letter(s) of Support or Statements from adjacent owners that may be affected by this project.

I understand and agree that no exterior modification of a Yellowstone Condo may be made to the original 1973 footprint without the initial approval of the YCOA Board of Directors. I understand that I am responsible for determining applicability and obtaining all required permits (such as Big Sky Architectural Committee review and approval) and that all work will be done in accordance with applicable construction standards for such building and construction work. I understand that I am solely responsible for all costs associated with this building modification and any future maintenance and repair costs, and that this responsibility shall accrue to any future Owners. I will manage my Contractor to assure that the work site is kept in orderly condition at all times so as to not interfere with other Owners' use and enjoyment of their property.
