

## Snow Removal Expectations

During the winter months it is absolutely crucial that your vehicle is **moved after every snow event** to allow for adequate snow removal operations. Failure to move your vehicle every 72 hours, OR at the request of Management, will result in **your vehicle being towed off the property without warning and at your expense**. Please also be mindful of the other year-round parking and rule expectations.

**Thank you for your help with this matter!**

### List of Preferred Vendors

When considering home repair or remodel, please contact HPM for a **list of preferred contractors** and recommendations.

### Short Term Rentals

Please contact HPM if you would like a **laminated set of Rules & Regulations** for your short term rental.
