

Spring Cleaning Suggestion

As a preventative measure, we suggest inspecting your baseboard heaters for trapped dust/lint that could potentially be hazardous. The metal fins bend easily, so it's best they are gently vacuumed with a brush attachment.

FRIENDLY REMINDER

Campus quiet hours are
10pm-7am everyday.

Please be courteous of your
neighbors, especially while
many people are working
from home at this time.

HPM has begun performing spring-cleanup around campus. Excess debris (**cigarette butts, trash, pet waste, etc.**) that is obviously associated with a particular unit will be the **Owner/occupant's responsibility to cleanup**. Owners will receive a notice, followed by a 2nd warning and fine if the area is not cleaned promptly. Thank you for your cooperation!

Household trash cans **MUST** be put outside the morning of pickup, and put inside the garage the same afternoon. Owners will be assessed an **\$800 FINE** for non-compliance.
NO ADDITIONAL WARNINGS!

NEXT BOARD MEETING
