

FIRELIGHT MEADOWS

Firelight Meadows Home Owners Association

In this issue:

- Snow Removal Expectations
- Friendly Reminders
- Next Meeting Date
- Compactor/Recycling
- Montana Skiing Options during Covid-19

Campus Snow Removal

During the winter months it is absolutely crucial that your vehicle is **cleared of snow & moved after every snow event** to allow for adequate snow removal operations. Failure to move your vehicle every 72 hours, OR at the request of Management, will result in **your vehicle being towed off the property without warning and at the Owner's expense**. Please be mindful of other year-round parking and rule expectations as well.

Friendly Reminders:

1. Please **winterize exterior hose bibs** if  you have not done so already. HPM is available to assist with any that are not already off.
2. **Unplug cords while not in use.** A suggestion to be mindful of the charging accessories you use for your electronics and the potential safety hazards that inexpensive charging cords can pose.
3. We recommend **replacing smoke detectors batteries** if yours are 10+ years old.
4. It's a good idea to periodically **check the pipe fittings under your sink** for any sign that they are leaking and creating potential for water damage.

Compactor & Carboard Recycling

The compactor is for **household trash only**. With the holidays quickly approaching DO NOT use the compactor for boxes, recycling, or construction/remodel material, furniture, etc. All cardboard **must be broken down** before put into the receptacle to ensure that it can be used to its full potential by all Firelight residents.

Next Board E-meeting: January 12, 2021 at 6:00 pm (MST).

Please join my meeting from your computer, tablet or smartphone.
