Window Screens

Winterization

Bear Proof Garbage

Next Board Meeting

Window Screen Repair/Replacement

There are many chalet units throughout campus that currently have screens in need of replacement or repair. We ask those owners (who will be emailed separate from this newsletter) to contact Guy's Glass to arrange for rescreening of the existing screen frame. Materials are currently limited and on backorder, so we are happy to work with owners on the timeline of the repairs.

Winterization

With winter on it's way, HPM has facilitated the winterization of the hose bibs on the condo buildings, and the irrigation system of the campus. Please be mindful when departing Big Sky to adjust your heat throughout the winter to prevent potential freezing. HPM will be notifying chalet owners of unit access for **adjusting crawlspace heat**, likely around Oct 1.

Bear-proof Garbage Cans!

<https://www.bigskymt.org/living-with-wildlife.html>

For owners that have trash service to their unit with Republic Services or L&L Site Services, it is required that you have a BEAR PROOF garbage can. **Please contact your service provider to upgrade your receptacle if needed.** We will be sending violation notices to owners that are not in compliance, followed by fines. [General trash reminders:](#)

- ⇒ Only put your trash curbside **ON PICKUP DAY (Monday)**, and to **BRING INSIDE** Monday evenings.
- ⇒ Put your trash bags **INSIDE** of the compactor, not outside of the compactor.
- ⇒ Communicate these rules with **SHORT TERM RENTERS**, long term tenants, or guests.
- ⇒ Understand that there are fines involved when these safety precautions aren't taken for the safety and enjoyment of all residents, children, and pets of Firelight Meadows.

GoToMeeting

The next board meeting has been scheduled for **Tuesday, Oct 26 at 6:00 pm (MDT)**. The meeting will be held remotely via Go To Meeting.

You can also dial in using your phone.
